NOTARY PUBLIC.

G. H. DUNN—Notary Public, Conveyances, Deputy Tax Collector, Legal Documents, Office Government bldg.

GOOD WORK BY TRACY

WET WEATHER RETARDS CITY SANITARY SERVICE

Removal of Pigeons from Palama—Insanitary Conditions at Kalia To Be Investigated By Board of Health.

Following is the main part of the report of C. H. Tracy, city sanitary officer, for last month. The matter of the Kalia road district is under reference to a committee of the Board of Health: Number of building applications received, 25; approved, 21; of previous months approved, 3; refused, 1; held, 1; held by Survey Department, 8.

The application refused was for a building on a lot in Kewalo which is three feet below the required grade. The permit held is for a building on Nuuanu and Beretania streets where the plans call for a violation of the air space regulation.

Nine cesspools have been located during the month.

Eight buildings have been moved or altered so as to conform to the regulations of the Board of Health.

Eight builders without the necessary permits have been notified to obtain the same and seven have already done so.

Examinations of buildings and lots before, during and at completion of process of construction, 103.

Inspections other than of new buildings, 292.

Certificates for lodging houses, restaurant or hotel licenses applied for, 37. Of these 32 were issued and 5 held for sanitary work to be done; 4 certificates were issued on applications previous to March 1.

Certificates applied for previous to March 1 still held, 8.

Number of adults which can by law be lodged in these buildings licensed, 2617.

Four formal complaints have been filed and the nuisances in each case have been abated.

Twenty-one forty-eight hour notices have been served during the month. Two arrests have been made. One case was not pressed and the other case was also not pressed after the nuisances had been abated.

Nine pig raisers at Kapalama-kai have been served with written notices to remove their swine from that locality within thirty days. All the pens at present drain into the rice and lily patches is the reason for removing them.

The rainy weather during the month has very materially retarded sanitary work but on the other hand it has helped in that it has shown up the places where drainage and filling is necessary and work can now be intelligently carried on.

A matter which I have been investigating and which I beg leave to bring before the Board is the insanitary condition of the district which lies just Ewa of the Kalia road as it turns off from the Walkiki road and makes off Ala Moana from the long bridge on Ala Moana or Beach road to John Ewa's premises. The Pinala stream flows through this district. It is very sluggish and shallow and the Chinese have fenced off portions of it and turned it into duck ponds. Besides the stream there are two or three large ponds which are also used as duck ranches. The majority of the ten duck ranches raise swine and the pens drain into these ponds. This, combined with the filthy mud constantly being stirred up by the ducks, makes the place anything but a healthful locality and the majority of the residents in the vicinity complain of the odors arising especially during low tide. It seems to me that as the district is being built up that some radical measures are necessary.

Reports of Inspectors.

James B. Gorman, District No. 1.—Work ordered, 252; finished, 201; old orders finished, 26. Total inspections, 800.

A. G. Hitchcock, District No. 2.—Work ordered, 223; finished, 33; old orders finished, 75. Total inspections, 330.

N. P. Jacobson, District No. 3.—Work ordered, 361; finished, 285; old orders finished, 72. Total inspections, 1288.

D. P. Lawrence, District No. 4.—Work ordered, 267; finished, 206; old orders finished, 191. Total inspections, 982.

T. W. Carroll, District No. 5.—Work ordered, 410; finished, 396; old orders finished, 12. 48-hour notices served, 2. Total inspections, 856.

John W. Francis, District No. 6.—Work ordered, 480; finished, 457; old orders finished, 66. Total inspections, 1483.

Sewers and Plumbing.

E. G. Keen, inspector of plumbing and house sewers, reports the following details of his office for March:

Number of plans filed, 55; permits issued, 55; inspections made, 216; final certificates issued, 67; sewer connections made, 21.

April 2, '02.

Exposure to Wet, dampness and cold invariably results in a sudden chill, which if not attended to immediately will cause a cold. By mixing a teaspoonful of Perry Davis' PAIN-KILLER in half a glass of warm water or milk, the whole system will be heated and the danger of cold avoided. Avoid substitutes, there is but one Pain-Killer, Perry Davis'. Price 25c and 50c.

Senator Gallinger of New Hampshire sent to the Library of Congress the other day for a Bible, which, one of the oldest employees says, in forty-two years is only the second time such a request has been made by a member of Congress.

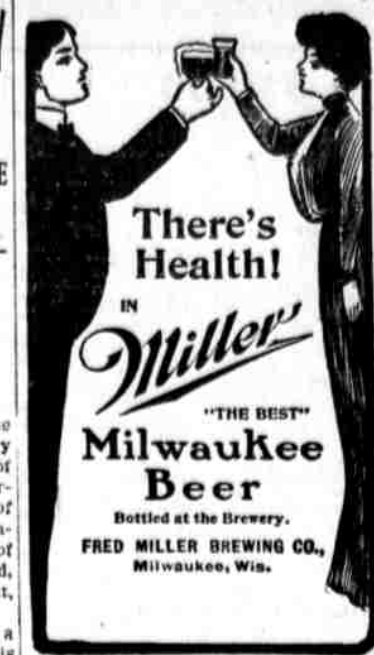

Sleeping after eating is condemned by a German physician, who has shown experimentally that stomach movements are lessened, and acidity is induced.

The deaths from chloroform anaesthesia are one to each 3749 administrations.

IN RE THE PAHIA CASE

A statement regarding the Pahia case appeared in the Star yesterday afternoon which some of those interested wish to have corrected. The following statement of facts is given to correct the wrong impression which has been caused by the publication of the article referred to:

Pahia paid Puhikaha Malana (w) \$250. Her attorney did not submit to the court the question of the inadequacy of the consideration for the deed of the land, thinking it advisable to take the money rather than go back to the Supreme Court on appeal. The counsel for the plaintiff also succeeded in getting \$400 from Attorney Poepe who had retained the money, and thus the proceedings terminated.

King Street, near Bethel.

HAWAIIAN REPUBLICANS AND THE ADVERTISER

Editor Evening Bulletin:—I, as a member of the Republican party, would like to call the attention of all Republicans to the attitude of the Advertiser in the campaign that is now before us. The editorials during the past three days speak for themselves and show a studied effort on the part of the Advertiser to discourage the efforts now being made by the Republican party to elect W. W. Harris to the Legislature in place of Archibald F. Gilliland, deceased.

It is no secret that the Republican party is doing its best to secure the support of the natives who, being in the majority so far as votes are concerned, have much to say with reference to the future government of the Territory.

We have succeeded in enlisting in the ranks of the Republican party a large number of Hawaiians who from sheer force of argument see the superior foundation principles of the party over all others. We wish to keep this following and add other Hawaiians to the list.

How is this to be done? Certainly not by blackguardism and cowardly attacks. The Hawaiian mind is a peculiar one and is susceptible to influences which the Advertiser has no conception of.

To come to the point, I wish to make reference to the cartoons, one of which appeared in the mid-sliding Advertiser this morning. To all who know Hawaiians and who have had occasion to follow the trend of their thoughts, I wish to ask "Is it justice and is it conducive to the best interests of the Territory to put such cartoons before the public?"

Fun is fun and there are none more ready to laugh than the pleasure-loving Hawaiians but attach a couched and malicious sting to speech or picture and there are none quicker to resent than these same Hawaiians.

We presume, as Hawaiians, and from the protestations of the fence-roosting Advertiser that that paper is Republican and out for whatsoever is of benefit of the Republican party but really one can hardly tell nowadays whether its object is to kill the party or otherwise.

If it is trying to gain Hawaiian votes for the Republican party, it is certainly about it the wrong way and it cannot be supposed that the man who bosses its columns is ignorant of this fact. When taking into consideration the length of time he has lived in the country and his missionary training respecting right and wrong.

There is no doubt whatever in my mind that Wilcox won a large number of votes which sent him to Washington through the cartoons in the Advertiser. He was sharp enough to take advantage of them and played his cards accordingly. The most malicious ones were pasted on a piece of white cloth and by means of a bright light, they were exhibited to the natives. It was pointed out by Wilcox that the cartoons represented the Republican mind with respect to the native Hawaiians. This naturally had its effect and hundreds of natives who had about espoused the Republican cause were turned the other way.

The Advertiser is pursuing the same course during the present campaign and the reason for its attitude is hard to understand. Suffice it to say, Hawaiians will certainly be influenced away from the party and those who might join will be forever lost.

HAWAIIAN-REPUBLICAN.

April 2, '02.
